

## **Financial**

Payment is requested at the time service is rendered unless other arrangements have been made. This helps us keep our overhead and your fees down. If you have insurance, we will estimate your share at the time of services; or if time is available, we can submit a pre-treatment evaluation and let the insurance send us an estimate. For your convenience, we offer no-interest financing through Care Credit for qualified individuals. We also accept cash, checks, Visa, Mastercard, and Discover.

## **Insurance**

We welcome most dental insurance carriers and are Delta Dental Premier providers. Please check your policy carefully to see if you are able to see any dentist that is not on a list and if you are able to go 'out of network.' We are **not** members of any DMO, DHMO or PPO. You may call our office ahead of time if you have any questions regarding dental eligibility. Also, remember that insurance is *an agreement between you and your insurance carrier* and that you are ultimately responsible for any unpaid bills. On your behalf, we can submit most claims electronically for faster processing. It is your responsibility to be familiar with your dental insurance benefits, annual limits, and calendar year limitations. Please bring your dental insurance information with you for your initial appointment and when any change in insurance has occurred. We also require a copy of your driver's license for identification purposes and personal security.
